No group in December			

The Parkinson's Disease Support Group is an open group for people with Parkinson's and caregivers of people with Parkinson's. Group is both educational and peer support. No RSVP is necessary and you do not have to be a patient at Mercy Health Saint Mary's to attend. **Light refreshments will be served.**

Our regular room, Wege 7/9, is currently being used for training and we hope to be back in there soon. Until then, we have scheduled the group to meet in the Hauenstein Community Room until our regular room in Wege is available.

Group moderated by Margaret Szarowicz, LMSW; 616.685.5433
